RE: Application for Official Plan Amendment (OPA 58) & Zoning By-Law Amendment (ZBA-02-2022)
Roll No: 393900002037100

Dear Council,

I am writing to express my support for the official plan amendment/ zoning by-law amendment application known as OPA-58/ZBA-02-2022 put forward by my Dad, Robert Robinson.

I wanted to take this opportunity to provide some background information that pertains to the application. I spent my childhood growing up on this farm, and also lived there on and off throughout University. My Dad has called this farm home since I was one, and has put his efforts into transforming it into a great family home, while providing for our family.

With all this being said, if the application is approved, the plan is for my daughter & I to move our family back to the farm. This would mean three generations of our family living on the property (my daughter is 6), and would also allow us to take care of any needs that my Dad has as he gets older.

My Dad & I have been close my entire life. We have worked together, laughed together, and even gone through some pretty hard times together. I have an enormous sense of pride in the work that he has put into this property, and I have helped him as much as I can with many different projects. I consider the Komoka area to be 'home', and have owned two other properties in the area since graduating and working off the farm.

The ability to have the option to move to the farm with my Dad would ensure that we can continue to have that strong family bond, and to keep the property within the family. Please consider this as you review the application.

If you have any questions or concerns, feel free to contact me. I will also attend the virtual meeting if any questions arise at that time.

Kind Regards,

Christie Robinson
