Hi Marion

Thank you for this.

The concern of the owner ([REDACTED]) is that the **UR3** zoning continue to apply to these lands given that they are to be included within the Melrose Hamlet Area and designated Residential with the County's approval of OPA No. 59 and pending rezoning in association with the vlc proposal recently discussed. By the attached Map U-11, I see that the current zoning would be maintained on the revised zone map at this point.

If you could please record this concern as part of the update project, it would be appreciated.

Regards and enjoy the long weekend!

Barb

**Subject:** Proposed Zoning By-law Amendment schedules

Hi Barb,

Thanks for attending last night and raising the question about the schedules. The proposed schedules have been uploaded to the Municipality's webpage (bottom) at the following link: <https://middlesexcentre.ca/articles/zoning-law-update>

Please note that only affected schedules are included within the .pdf package and reflect the consolidation of the A2 zone to A1, re-naming of A3 to A2, and adding C4 to Hamlet areas.

Best,

Marion
