Re: Interim Accommodation Measure Enacted on Delaware Central PS

Good day,

Please be advised that on September 26, 2023, the TVDSB Board of Trustees received a report outlining an interim accommodation measure for Delaware Central Public School in the form of an enrolment cap. Please find attached a map showing the exact location of the capped portion of the attendance area, denoted in red hatching.

Delaware Central PS is located in Delaware and has been experiencing sustained enrolment pressure. Given various site restrictions, additional portables cannot be placed on site to accommodate new students. Because of this enrolment pressure, TVDSB administration has implemented an enrolment cap at Delaware Central for the portion of the attendance area that is located within Komoka-Kilworth. This interim accommodation measure directs all new families from this portion of the attendance area to attend Parkview Public School until permanent accommodation can be provided, effective January 1, 2024.

Please do not hesitate to contact the undersigned if clarification is required.

Regards,
