

Middlesex Elementary Attendance Area Review (MEAR)

Middlesex Centre Council Meeting
November 1, 2023

Background

Delaware Central PS is experiencing enrolment pressure due to continued housing development in the Komoka-Kilworth portion of its attendance area.

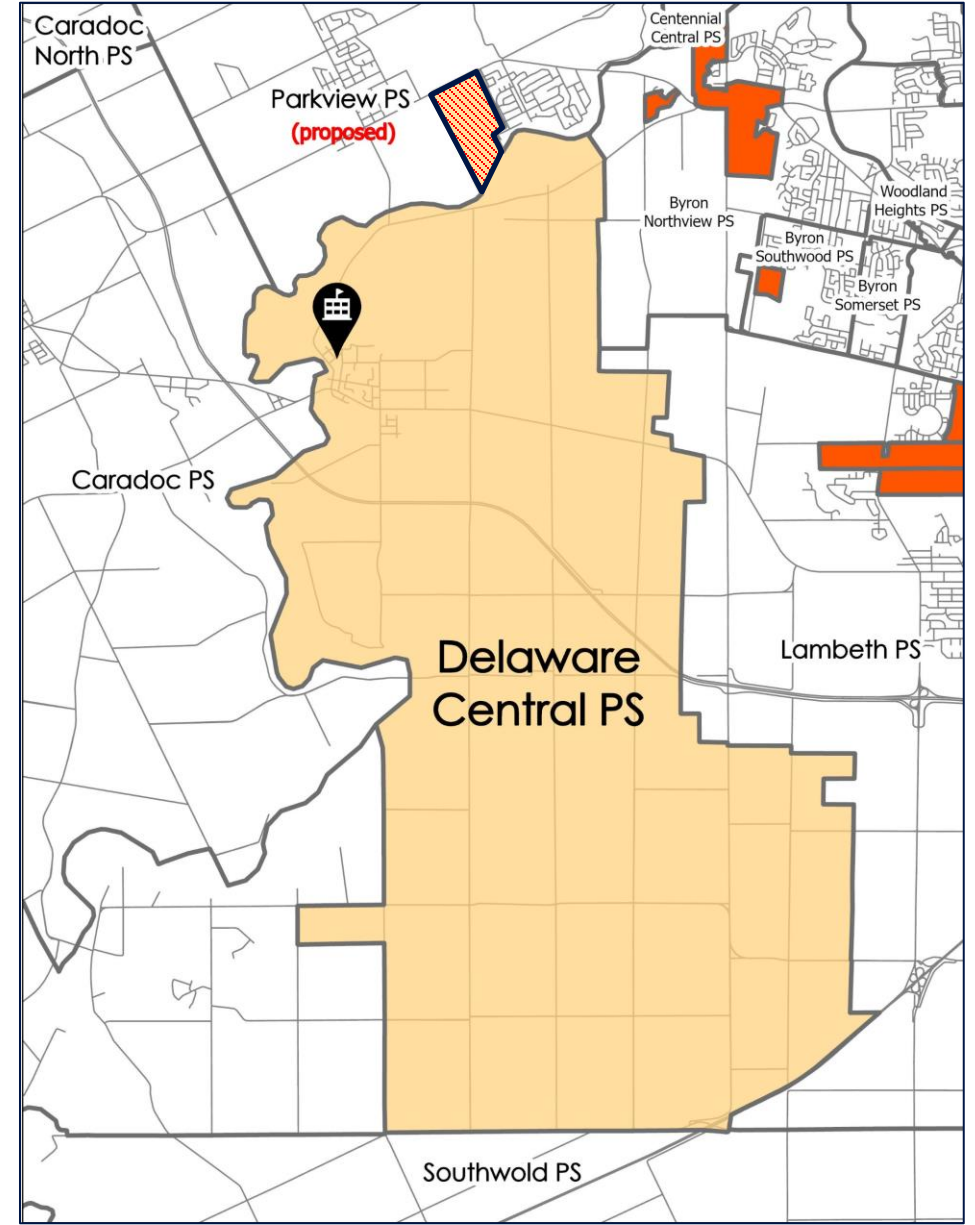

An attendance area review is planned in order to accommodate students from Komoka-Kilworth at Parkview PS. Public consultation is planned to occur through the winter.

Interim accommodation measures have also been put into place to temporarily accommodate students while the attendance area review is undertaken.

Enrolment Cap at Delaware Central PS

Effective January 1, 2024, new families moving in or having yet to begin school in the Komoka-Kilworth portion of the current attendance area have been designated to attend Parkview PS.

This does not impact students from First Nations communities as Delaware Central PS offers Indigenous programming to students that is not available at Parkview PS.

 Capped area

Attendance Area Review

Delaware Central PS

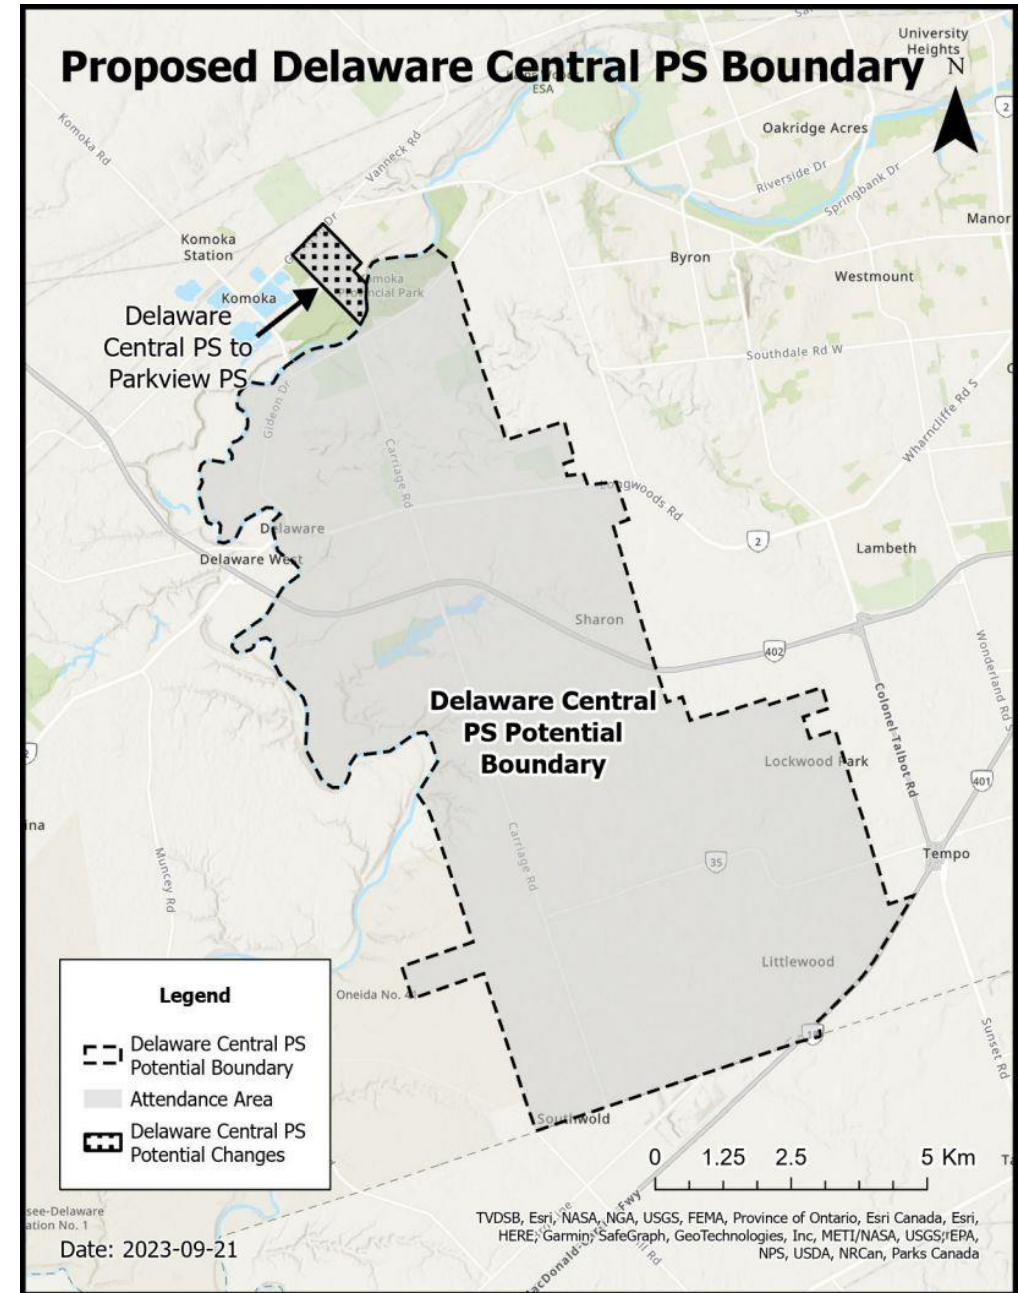

Separate from the enrolment cap, this review seeks to permanently accommodate all students residing in Komoka-Kilworth at Parkview PS.

This would further relieve enrolment pressure at Delaware Central PS.

Parkview PS

Utilization at Parkview PS would increase, bolstering TVDSB's future business case to the Ministry of Education for a permanent addition.

Parkview PS is located on a larger site with full municipal services available.

Thank You
