Re: **Minor Variance Application A-15-2023**
99 William St (Gautreau)
Part Lot 6, Concession 1
Municipality of Middlesex Centre

Please be advised that the above mentioned application has been reviewed by this office and staff have no objections to this proposal. The Conservation Authority is responsible for addressing the Natural Hazard Section of the Provincial Planning Policy Statement as well as the Conservation Authority's Development, Interference with Wetlands and Alterations to Shorelines and Watercourses Regulation, O. Reg. 152/06 under the Conservation Authorities Act. After reviewing our files and mapping, staff determined that the area is not subject to the Authority's regulations.

The lands are not subject to flooding of a general nature and therefore the flood proofing of structures on the property is not required. However, the flood proofing of structures for the purposes of prevention of flood damage from local drainage waters is always recommended.

Please be advised that the subject property is located in an area with a Highly Vulnerable Aquifer [HVA] and a Significant Groundwater Recharge Area [SGRA] as identified through the Lower Thames Valley Assessment Report in the Thames, Sydenham and Region Source Protection Region. However, there are no policies in the local Source Protection Plans that regulate activities in Highly Vulnerable Aquifers or Significant Groundwater Recharge Areas. We encourage any development in these areas to consider the sensitivity of the area, and take steps to protect it, such as: conserving water, properly disposing of hazardous waste, using non-toxic products where possible, and preventing pollutants from entering into runoff. For further information regarding this matter and how it may affect any proposed development please refer to the Thames, Sydenham and Region Source Protection website at www.sourcewaterprotection.on.ca.

I trust this is satisfactory, but if you should have any questions, or require more information, please call the office.

Yours truly

Robert Guo
Planning Technician
