Dear Mr. Hutson,

I am writing to request that council consider supporting an application from Stanton Green Energy Inc. to the Independent Electricity System Operator (IESO) for the development, construction, and operation of a Long-Term Reliability Project within Middlesex Centre.

The IESO has issued a Request for Proposals for the procurement of the expedited long-term electricity reliability services. The Long-Term Reliability Project: Stanton Green Energy Inc. is proposed to be located in our municipality and is intended to acquire capacity services to meet system reliability needs from new build and eligible expansion electricity resources, starting in 2027 or earlier.

As the IESO requires Municipal support, I am asking council to pass a resolution in support of the above noted endeavours of Stanton Green Energy Inc. I am enclosing a sample letter from the Municipality to IESO that would show support of the project, should the resolution be passed.

Sincerely,
Laurie Stanton
