Dear Michael Di Lullo,

Thank you for submitting your application to the Government of Canada's Green and Inclusive Community Buildings (GICB) program.

While we sincerely appreciate your interest in this initiative, I regret to inform you that your project, *Ilderton Arena Retrofit* (AP-000002941), did not meet program requirements and, as a result, has not been selected for funding.

Please note that the assessment results are final. Projects that do not meet program requirements cannot be approved by Infrastructure Canada or the Minister of Housing, Infrastructure and Communities.

The specific reason(s) for our final decision is/are:

- Your application did not provide sufficient evidence that you have consulted climate data and/or identified potential climate risks and mitigation measures for the project.

The GICB program received considerable interest from communities across Canada. Due to the competitive nature of the program, the Department could only assess projects based on the information provided. For more detailed information on how we evaluated your application, and the above-noted reason(s), you may wish to consult the [Applicant Guide](#).

We understand that your organization put significant effort into preparing this application. We commend your commitment to making your community a more sustainable place to live, and for seeking to improve the lives of all residents. Should new funding opportunities arise, Infrastructure Canada will contact you to provide more details and encourage you to submit a new application.

If you have additional questions about the program, please contact us at gicbp-pbcvi@infcc.gc.ca and we would be happy to answer them. Additionally, you can find more information about our other funding programs at www.infrastructure.gc.ca.

Thank you once again for your application, and my very best wishes for your future endeavours.

Yours sincerely,
