

Meeting Date: May 22, 2024

Prepared By: Tiffany Farrell, Director of Corporate Services

Report No: CPS-27-2024

Subject: Budget to Actual yearend 2023

Recommendation:

THAT the Budget to Actual Report CPS-27-2024 for yearend 2023 be received as information.

Purpose:

To present to Council the financial results for yearend 2023.

Background:

As presented to Council in Report CS016-001:

Where valuable insight into the operations of the Municipality can be obtained is through comparing our current year budgeted numbers with the actual results to gain an understanding on where we stand. This report will give Council valuable information that can affect future decisions. Council will gain an understanding how we are performing financially based on each department. Having this information will assist council in understanding how each department is performing financially and where we are over or under in budget before the financial statements are presented at year end. In addition, this information will assist in determining whether or not the variance was a onetime occurrence or whether future budgets should be adjusted to reflect actual spending habits.

Overall, Council needs to be informed as to what is happening to make sure that the municipal operations match the budget. This is why I would like to provide Council with regular financial reports that compare actual results against the budget. Financial reports are a good source of information and budget control.
