► Committee Greenlights Natural Asset Valuation and Trail Monitoring project

The Committee of the Whole approved funding of up to \$25,000 from the Working Capital Reserve to support Natural Asset Valuation and Trail Monitoring. This initiative will help quantify the environmental and community value of Middlesex County's 1,040 hectares of forested land through a Forest Resource Inventory and trail usage data. Results will inform asset management, tourism planning, and the 2025 update of the County's 20-Year Forest Management Plan. By recognizing the benefits of natural assets, the County is advancing climate-conscious, data-driven planning aligned with its Asset Management Plan and long-term sustainability goals. For more information, see the [Natural Asset Valuation & Trail Monitoring to Support Asset Management & Forestry Planning](#) report.

► Renewal of Middlesex Accommodation Program Contract

County Council received a funding update on the Homeless Prevention Program (HPP) and approved the renewal of the Middlesex Accommodation Program. The HPP is a provincially-funded program created to support individuals and families with housing and support services who are at risk of, or experiencing homelessness. In collaboration with the Countryside Motel, Middlesex Canadian Mental Health Association Thames Valley Addiction and Mental Health Services (CMHA TVAMHS), Middlesex Community Navigator and Middlesex Social Services, the Middlesex Accommodation Program provides temporary shelter and community supports to individuals when there are no other solutions available. For more information, see the [Homeless Prevention Program Funding Update](#).
