**Report No:** CPS-09-2021  
**Subject:** Annual Repayment Limit 2021

---

**Recommendation:**

THAT the annual repayment limit 2021 Report CPS-09-2021 be received for information.

**Purpose:**

The purpose of this report is to present to Council the 2021 Annual Repayment Limit as determined by the Ministry.

**Background:**

Staff received the 2021 Annual Repayment Limit (ARL) at the end of February 2021.

The Annual Repayment limit is calculated based on data contained in the 2019 Financial Information Return. It represents the maximum amount which the Municipality had available as of December 31, 2019 to commit to payments relating to debt and financial obligation. The limit is calculated as 25% of net revenues, which based on the 2019 amount, is \$7,630,449 (2020- \$7,393,225).

Therefore, based on the debt outstanding, the Municipality has the capacity to borrow an amount that would result in payments equal to or less than \$5,436,239 (2020- \$5,200,338).

At this point we still have a sufficient amount of borrowing capacity under the annual repayment limit of 25%, however the Municipal debt limit under our debt policy is 17%. Please note that a new Annual Repayment limit is calculated every time the Municipality borrows money or in a position where borrowing may occur (Drain Improvements) and is presented to Council before any borrowing is completed.
