Dear Arnie Marsman and the Council and People of Middlesex Centre;

Thank you for providing space for ArkAid Street Mission and the Winter Interim Solution to Homelessness (WISH) Coalition of organizations to store donated modular structures over the winter months. These buildings are the basis of hoped for transitional supported micro-housing to serve some of our communities highest acuity and marginalized homeless folks.

Due to your partnership and help in providing this space we have been able to receive over 7 60-70 foot modular buildings as donations. Without your quick response and willingness to do this for us, we would have had to turn down this donation. Your action demonstrates your care for the marginalized and those deprived of housing as well as hope for a better future in London/Middlesex where shelter and housing fit for all people exists and is accessible, especially to those in greatest need.

Please accept our deepest appreciation and invitation to continue to be a part of providing homes and various forms of housing to meet the needs of all in our communities!

Many Thanks and Warm Regards,

Sarah Campbell
