

Enbridge Gas London Lines Replacement Project Presentation to Middlesex Centre

March 2021

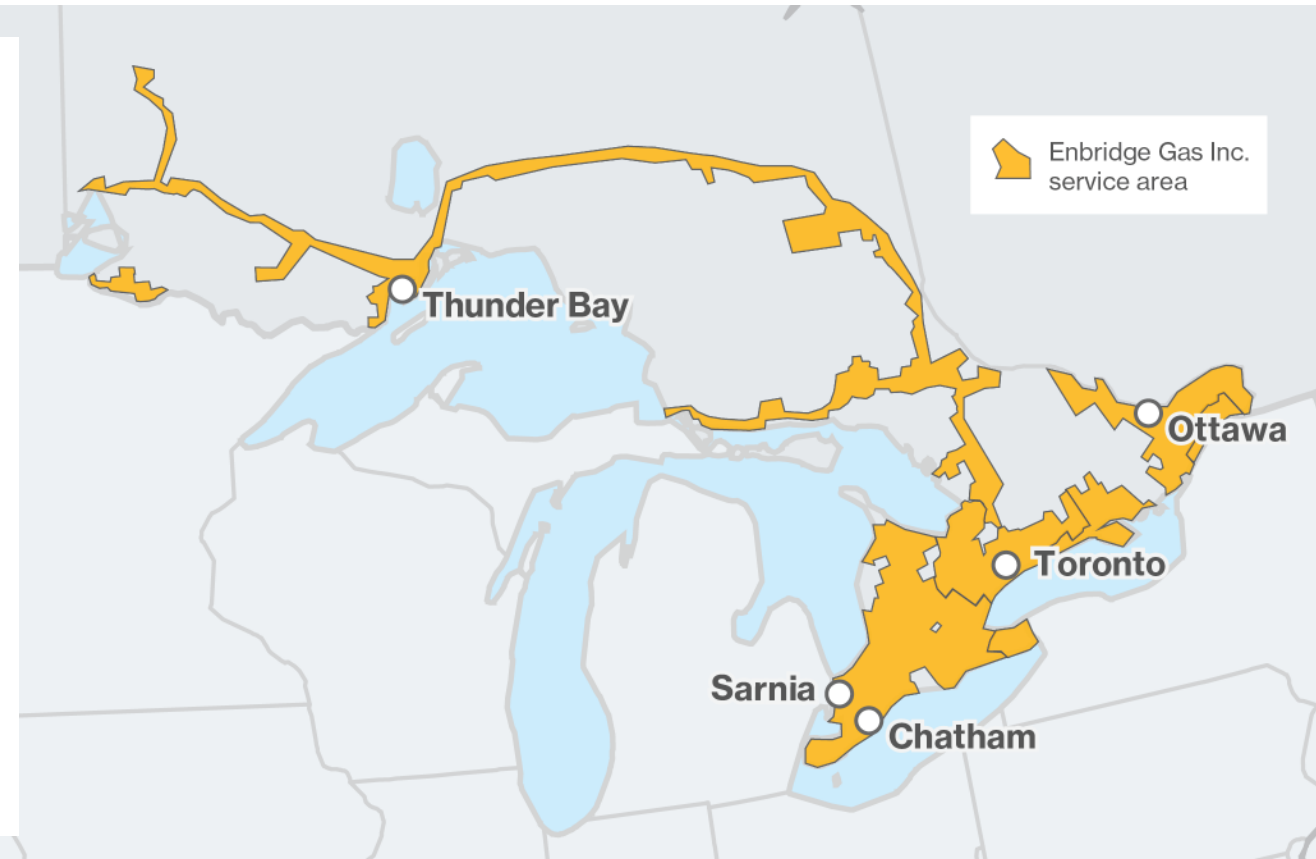

Enbridge Gas Inc.

North America's largest natural gas storage, transmission and distribution company

We deliver the energy that enhances people's quality of life.

- **Values**
Safety, Integrity, Respect, Inclusion.
- **Experience**
170+ years of experience in safe and reliable service.
- **Distribution Business**
3.8M customers, heating >75% of Ontario homes.
- **Dawn Storage Hub**
Canada's largest and one of the top-5 natural gas trading hubs in North America.
- **Advancing Innovative Low-Carbon Solutions**
Conservation, cleaner technologies for heat/transportation (CNG, geothermal) and green fuels (RNG, Hydrogen).

Safety is our #1 priority

We invested
\$2.9B

2013-2020 to maintain the
integrity of our system

We performed
250
pipeline integrity
inspections in 2019-2020

We monitor our lines
24-7-365
with people and computerized
leak detection systems

We held
41
emergency exercises
drills in 2019-2020

Above all else, we are always working to ensure the safety of our people, neighbours and the environment

Current operations

Municipality of Middlesex Centre (2020 statistics)

- 5,736 customers
 - Residential: 5,327
 - Commercial: 396
 - Seasonal Agriculture: 3
 - Industrial: 10
- km of pipeline: 511
- Property taxes paid annually: approx. \$3.4M
- Home to our Lobo Compressor Station

Recent announcements – what do they mean?

Enbridge Inc. has announced a goal of net-zero by 2050

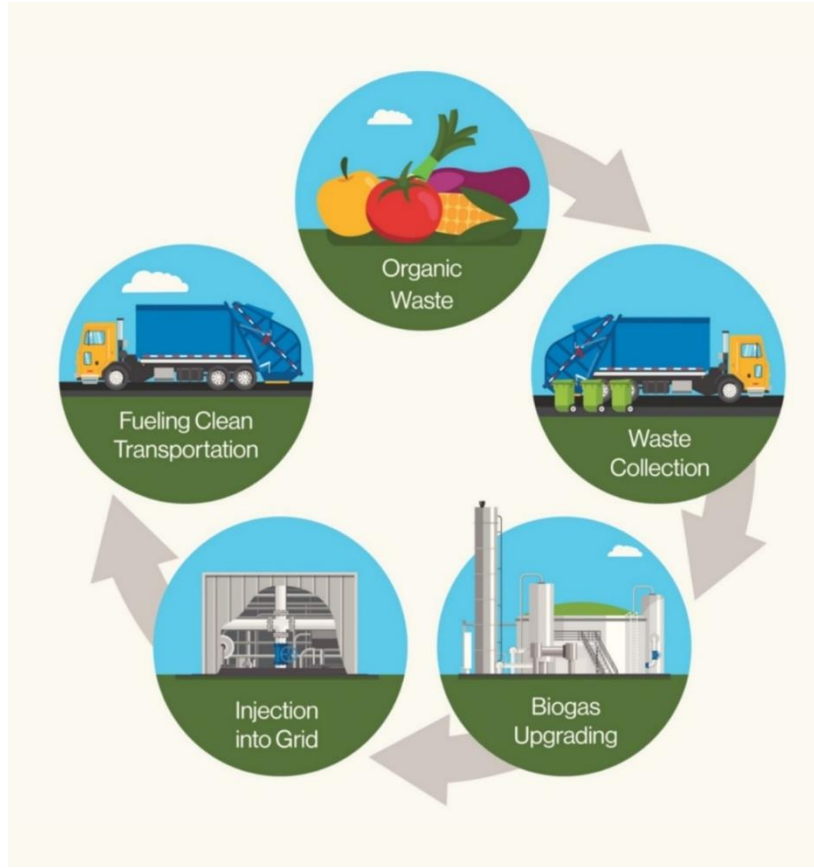

Enbridge Sets New Environmental, Social and Governance Goals for the Future

November 6, 2020

- Net zero target by 2050; 35% reduction in greenhouse gas emissions intensity by 2030
- Accelerated diversity representation in the workforce
- Incentive compensation linked to progress on ESG targets and goals

CALGARY, AB, Nov. 6, 2020 /CNW/ - Enbridge Inc. (TSX: ENB) (NYSE: ENB) (Enbridge or the Company) today announced expanded environmental, social and governance (ESG) goals and targets¹ related to greenhouse gas (GHG) emissions reduction and diversity and inclusion as well as increasing transparency and accountability of our ESG priorities and results. Setting goals in areas core to our business and stakeholders is just one of the ways Enbridge is further integrating ESG into strategy, operations and decision-making.

- Net zero target by 2050
- 35% reduction in greenhouse gas emissions intensity by 2030
- Incentive compensation linked to progress on ESG targets and goals
- What does that mean for Enbridge Gas?

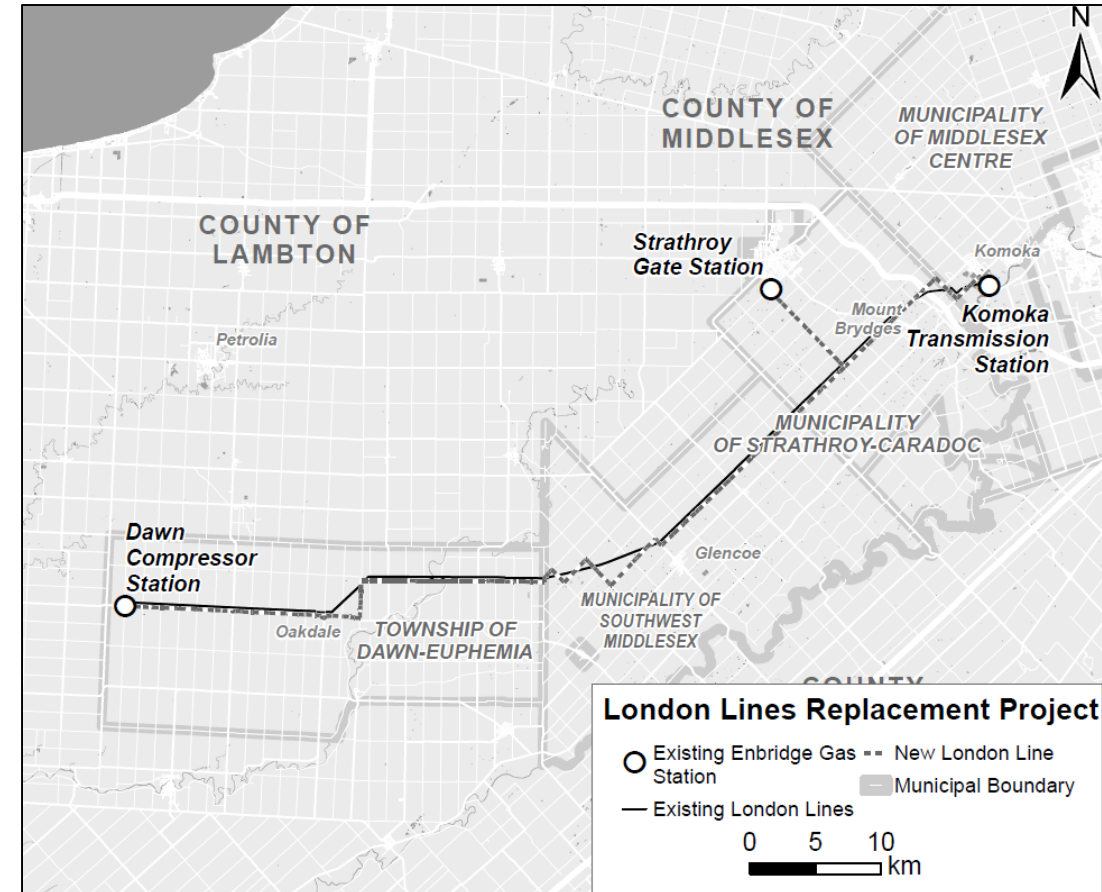

Towards a lower-carbon future

2021 London Lines Replacement Project

Project details

- Purpose and details:
 - Replace existing London Lines (2) pipelines to improve integrity of pipeline network, increase system flexibility and ensure adequate supply to the area.
 - Majority of existing London Lines were installed between 1930's to 1950's.
 - Replace with 1 new, 82km pipeline, combination of 4-and-6 inches in diameter installed at higher pressure.
- Cost: \$164M
- Approved by the Ontario Energy Board on January 28.
- Environmental report completed.

2021 London Lines Replacement Project

Project details continued

- Hundreds of customers are connected directly to the existing London Lines, and multiple communities are served indirectly, including Komoka and Kilworth; this will not change.
- Construction timeline – spring 2021 to December 2021. Project clean-up and restoration to occur in 2022.
- Continue to work with Municipal staff to ensure all permitting is obtained and requirements are followed.

2021 London Lines Replacement Project

What can residents along the project route expect?

- March: Site preparation, tree and vegetation clearing as needed, stringing/welding pipe.
- April-December: Construction.
- Any residents who are connected directly to the pipeline will have service interrupted for a short period to install their new service. This will be done at a time which is most convenient to them.
- The project will have a community liaison position to keep the community informed.
- The project will also have a landowner relations agent available during construction to work with project landowners.
- Community investment.
- Key construction activities such as road closures or detours during construction will be communicated in advance.
- A project phone line and email account have been established:
 - **London.Lines@enbridge.com**
 - **1-855-381-9138 (toll free)**

Thank you
