Dear Friends of Make-A-Wish®,

We are navigating extraordinary times for ourselves, our loved ones and our community. In the midst of it all, I truly hope you continue to stay healthy and safe.

Thank you for your generous donation of \$1,055 through your recent Ice Cream for Breakfast event. Your incredible support is sincerely appreciated, especially during this time of uncertainty.

Together, we create life-changing wishes for children with critical illnesses. In these times, hope is essential for children with critical illnesses and your generosity helps us unlock its life-changing power. By helping us grant wishes, you give our wish kids so much more than a temporary escape. You give them a wellspring of strength to keep fighting for better days.

Although our travel wishes have been postponed, we are excited to be able to continue granting wishes with your support and the proper social distancing measures - such as backyard playsets, online shopping sprees, computers and electronics.

A child's wish begins with hope - and hope begins with you. Thanks again for your generous support!

Best Wishes,

Tiffany MacDonald
Vice President of Development – Central Canada
